

# SAFESTART. WE'RE HERE TO HELP.

There is a shelter in place (stay at home) order for people who live in San Francisco and the Bay Area. Even though we are required to stay home, this doesn't mean you don't have a voice when it comes to domestic violence in your home. We can get through this together.

Safestart's mission is to reduce the impact and incidence of childhood and family violence exposure.

- Case Management
- Shelter and Food Assistance
- Understanding Court and Police Cases
- Safety Planning for Families and Children
- Support Groups
- Finding Counseling and Therapy for Children
- Assisting families with a child under the age of 6 years old
