PRESIDIO COMMUNITY YMCA MEMBERSHIP TOTAL MEMBERS: 5,376

WHY THE Y MATTERS

CREATING OPPORTUNITIES FOR YOUTH

Together, we can ensure every young person develops the capabilities needed to become economically productive, cultivate sustainable livelihoods, contribute to a peaceful and democratic society, and maintain their individual wellbeing.

BUILDING EQUITY WITH OUR COMMUNITIES

Together, we can ensure everyone has access to opportunities that combat social inequality, heal wounds caused by ideological polarization, and alleviate the effects of growing economic divides.

FOSTERING WELLBEING FOR ALL

Together, we can ensure everyone, at every age, receives the supports needed to live productive, healthy and empowered lives.

CONNECTION TO NATURE

The Y of Greater San Francisco believes that time spent outdoors helps us to be our healthiest, best selves. We continue to provide healthy outdoor opportunities for all members of our communities through: tennis, outdoor wellness windows, outdoor personal training, YRangers camp, outdoor wellness hikes, bike rides, runs, and group exercise programs.
